

The Clark Amish Community, begun in 1953, is one of Missouri's largest Amish settlements. It has more than 200 families spread over more than 15 square miles. Stores are open Monday thru Saturday but closed Sundays and Christian Holidays. Amish have no electricity or phone lines so credit or debit cards are not accepted. Cash or good checks are welcome.

There are many homes selling sorghum, eggs, popcorn, candy and produce in season. Watch for signs posted to locate these places in addition to the locations on this map.

Remember, we share our roads with slow moving horse-drawn vehicles and horses are sometimes frightened by automobiles. For everyone's safety, please slow down!

The Amish do not wish to be photographed. Please honor their beliefs and refrain from taking photographs or using video cameras during your visit.

Like most home based businesses, public areas are limited. Please do not wander about or invade private areas. Parents should supervise their children at all times. Please leave your pets at home to avoid problems with farm dogs, chickens and livestock.

Thank you for visiting the Clark Amish Community and have a safe trip home!
